COMPANY OVERVIEW

Diamond Wellness Solutions is a Nevada-based, owner-operated provider of mobile specimen collection and health screening services. The owner personally performs every accepted assignment, bringing 26+ years of phlebotomy experience and a careful approach to patient privacy, specimen identification, handling, and chain of custody. Every collection is performed under a valid order from a physician or other authorized healthcare provider — no order, no collection. Specimens are collected and delivered to the designated laboratory; no specimen processing is performed on site.

CORE COMPETENCIES

- **Mobile Blood Draws & Specimen Collection:** Routine and scheduled assignments at workplaces, clinics, facilities, and residences. Collect-and-deliver only.
- **Specialty Kit Collections:** Collection, handling, and preparation of designated laboratory kits for drop-off, per kit and laboratory instructions.
- **Drug Testing Collections:** Non-DOT urine specimen collections with documented chain of custody for employers, courts, and agencies.
- **Health & Biometric Screenings:** Non-invasive, on-site screenings, including blood pressure and other assigned biometric measures.
- **Paramedical Examinations:** Life-insurance examinations completed in accordance with client protocols and assignment requirements.

DIFFERENTIATORS & QUALIFICATIONS

- One experienced point of contact — the owner accepts, performs, and documents each assignment personally.
- 20+ years of biometric screening and paramedical examination fieldwork with ExamOne, Hooper Holmes, Impact Health, and Summit Health (Quest Diagnostics).
- Lead examiner for Walmart health fair screening events, frequently operating solo.
- Enrolled SneakPeek Clinical mobile provider.
- Documented handling — accurate identification, specimen integrity, chain-of-custody documentation, and confidentiality on every assignment.
- Southern Nevada coverage: Las Vegas, North Las Vegas, Henderson, Summerlin, and Centennial Hills.

OWNER'S RELEVANT EXPERIENCE

- **Clinical Phlebotomy:** Hospital experience in inpatient and specialized-care settings.
- **Paramedical Examinations:** Assignments for national examination contractors and life-insurance programs, including in-residence appointments.
- **Biometric Screening Events:** Employer and retail health screening events across Nevada and Arizona, including more than 20 events in the Phoenix area.
